

## State of Montana Emergency Rental Assistance Program April 26, 2021

What is the State's Emergency Rental Assistance Program (ERAP)?

ERAP provides rent and utility assistance to Montanans who have been financially impacted, directly or indirectly, by the COVID-19 pandemic. Renters can apply directly for rental and utility assistance, and landlords can apply on behalf of renters so long as the application includes the renter's co-signature and required documentation.

Who is eligible?

Your gross household income cannot exceed 80 percent of the area median income.

In Gallatin County, a single individual cannot make more than \$49,800 to qualify. In Park County, a single individual cannot make more than \$41,850 to qualify. Please note that these limits change depending on your household size.
