

The Homeownership Center's HomeBuyer Education Classes

Currently, all classes are available via Zoom and includes live and active participation. Participants will need technology with sound and a camera.

Saturday classes are 9:00am-4:30pm. Log in at 8:30am for a tech check. Half-hour break at noon.

Weeknight classes are 5:30pm-9:00pm. Participants must attend both evenings to receive the certificate. Log in at 5:00pm on the first night for tech check. Click on the registration link at **thehrdc.org** for dates and times of upcoming classes. If an upcoming class is not listed, it is full and closed. Participants are highly encouraged to register in advance!

By submitting a registration, participants are assured a spot. There will not be any immediate confirmation sent. One week before class, participants will receive an invitation to take the pre-test (check spam if not received). ONLY those who complete the pre-test at least two days prior to class will receive an invitation to the class.
